INDEPENDENT ACCOUNTANT'S REVIEW REPORT

We have reviewed the accompanying financial statements of the governmental activities of the Bossier Parish Fire Protection District #7 of Plain Dealing, LA, a component of the Bossier Parish Police Jury, as of and for the year ended December 31, 2010, which comprises the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of Bossier Parish Protection District #7. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

The management of the Bossier Parish Fire Protection District #7 is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted the United States of America.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or provide any assurance on the supplementary information.

MANAGEMENT'S DISCUSSION AND ANALYSIS

My discussion of the Bossier Parish Fire Protection District No. 7's annual financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2010. Please read it in conjunction with the District's financial statements, which follow this section.

The District is located at 718 West Palmetto Street in Plain Dealing, Louisiana. The District operates primarily with volunteers and one full-time employee.

FINANCIAL HIGHLIGHTS

An increase in ad valorem taxes receivable for the 2010 tax roll has had a dramatic effect on the District's funding and ability to provide fire protection services.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements include three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains additional required supplementary information (budgetary schedules) in addition to the basic financial statements. These components are described below:

Basic Financial Statements

The basic financial statements include two kinds of financial statements that present different views of the District - the **Government-wide Financial Statements** and the **Fund Financial Statements**. These financial statements also include the **Notes to the Financial Statements** that explain some of the information in the financial statements and provide additional detail.

BOSSIER PARISH FIRE PROTECTION DISTRICT NO. 7
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
DECEMBER 31, 2010

Government-wide Financial Statements

The government-wide financial statements provide a broad view of the District's operations in a manner similar to a private-sector business. The statements provide both short-term and long-term information about the District's financial position, which assists users in assessing the District's economic condition at the end of the year. These statements are prepared using the economic resources measurement focus and the accrual basis of accounting similar to methods used by most businesses. These statements report all revenues and expenses connected with the year even if cash has not been received or paid. The government wide financial statements include two statements:

- ! The *statement of net assets* presents all of the District's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the District's net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.
- ! The *statement of activities* presents information showing how the District's net assets changed during the most recent year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Therefore, some revenues (such as uncollected property taxes) and some expenses that are reported in this statement will not result in cash flows until future years.

The government-wide financial statements can be found immediately following this discussion and analysis.

Fund Financial Statements

A Fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

- ! *Governmental funds financial statements.* The services provided by the District are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the year. Such information may be useful in evaluating the District's near-term financing requirements.

BOSSIER PARISH FIRE PROTECTION DISTRICT NO. 7
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
DECEMBER 31, 2010

Fund Financial Statements (continued)

These statements provide a detailed short-term view of the District's finances and assist in determining whether there will be adequate financial resources available to meet the current needs of the District.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, users may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the governmental activities. These reconciliations are presented on the page immediately following each governmental financial statement.

The District has two governmental funds; both are considered major funds for presentation purposes. That is, each major fund is presented in a separate column in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances. The District's two governmental funds are: the General Fund and the Capital Projects Fund.

BOSSIER PARISH FIRE PROTECTION DISTRICT NO. 7
PLAIN DEALING, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010

The Bossier Parish Fire Protection District No. 7 ("the District") was created by the Bossier Parish Police Jury by ordinance as provided under the Louisiana Revised Statutes. The District is comprised of property in North Bossier Parish and is governed by a board of commissioners, who are appointed by the Bossier Parish Police Jury. The Board of Commissioners received no compensation during 2010. The District constitutes a political subdivision of the State of Louisiana. The purpose of the District is to provide fire protection and emergency services to the residents of the District.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements of the District have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, issued in June 1999.

B. Reporting Entity

The District is a component unit of the Bossier Parish Police Jury, the financial reporting entity. The Police Jury is financially accountable for the District because it appoints or ratifies a voting majority of the board and has the ability to impose its will on them.

The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Police Jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. Government - Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Assets, Exhibit A, and the Statement of Activities, Exhibit B) report information on all of the nonfiduciary activities of the District. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include a) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. The District consists of one program, fire protection and emergency services.

Governmental fund financial statements are provided for the District. The District consists of two governmental funds.

PLAIN DEALING, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010
(CONTINUED)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Accounting- In accordance with Governmental Accounting Standards Board Statement No. 34, the District has presented a Statement of Net Assets and a Statement of Activities for the District as a whole. Government-wide accounting is designed to provide a more comprehensive view of the government's operations and financial position as a single economic entity.

Policies specific to the government-wide statements are as follows:

Eliminating Internal Activity - Interfund receivables and payables are eliminated in the Statement of Net Assets.

Application of FASB Statements and Interpretations - Reporting on governmental type and business-type activities are based on FASB Statements and Interpretations issued after November 30, 1989, except where they conflict or contradict GASB pronouncements.

Capitalizing Assets - Tangible or intangible assets used in operations with an initial useful life that extends beyond one year are capitalized. Equipment, furniture and fixtures, and buildings are recorded at their historical costs and are depreciated using the straight-line method of depreciation over their estimated useful lives. They are reported net of accumulated depreciation on the Statement of Net Assets.

Program Revenues - The Statement of Activities presents two categories of program revenues - (1) charges for services; and (2) operating grants and contributions.

Charges for services are those revenues arising from exchange or exchange like transactions with external parties that purchase, use or directly benefit from the program's goods, services or privileges. Service charges (structure fees) are reported as charges for services.

Operating grants and contributions, whether operating or capital in nature, are revenues arising from receipts that are restricted for operating purposes of a program. State revenue sharing and fire insurance rebates are reported as operating grants and contributions.

Restricted Net Assets - Restricted net assets are those for which a constraint has been imposed either externally or by law. Resources restricted for a specific purpose are exhausted before unrestricted net assets are used.

Government-Wide Financial Statements - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government Fund Financial Statements - The Governmental financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as

BOSSIER PARISH FIRE PROTECTION DISTRICT NO. 7
PLAIN DEALING, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010
(CONTINUED)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year.

Principal revenue sources considered as susceptible to accrual include property taxes, service fees, and interest on investments. Other revenues are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Fund Accounting

The financial activities of the District are recorded in individual funds, each of which is deemed to be a separate accounting entity. The District uses fund accounting to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Funds of the District are classified as governmental funds. Governmental funds account for the District's general activities, including collection and disbursement of specific or legally restricted monies, and the acquisition, construction or improvement of capital assets. Governmental funds of the District include:

General Fund - the general operating fund of the District and accounts for all financial resources, except those required to be accounted for in other funds.

Capital Projects Fund - accounts for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds.

Budgeting and Budgetary Control

A budget for the ensuing year is prepared by the fire chief and approved by the board of commissioners prior to December 31st of each year. The proposed budget is prepared on a cash basis of accounting that is a comprehensive basis of accounting other than Generally Accepted Accounting Principles (GAAP). The budget is legally adopted and amended, as necessary, by the board of commissioners. The board reserves all authority to make changes to the budgets. Unexpended appropriations lapse at year end and must be re-appropriated in the next year's budget to be expanded.

Formal integration of the budget into the accounting records is employed as a management control device. Budget amounts included in the accompanying financial statements include the original adopted budget. The budget was amended in November, 2010. See "Schedule 1".

BOSSIER PARISH FIRE PROTECTION DISTRICT NO. 7
PLAIN DEALING, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010
(CONTINUED)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

Cash includes amounts in demand deposits and interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less when purchased. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the District's investment policy. If the original maturities of time deposits exceed 90 days, they are classified as investments. In accordance with GASB Statement No. 31, investments are recorded at fair value with the corresponding increase or decrease reported as investment earnings.

Use of Estimates

The preparation of financial statements generally requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Capital Assets

The District's assets are recorded at historical cost. Capital assets are recorded as expenditures in the governmental fund financial statements. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are charged to expense as incurred. Depreciation expense is recorded in the government-wide financial statements using the straight-line method over the useful lives of the assets. All assets of the District are reported in the accompanying financial statements.

Long-term Obligations

In the government-wide financial statements, debt principal payments of government activities are reported as decreases in the balance of the liability reported on the Statement of Net Assets. In the fund financial statements, debt principal payments of the governmental funds are recognized as expenditures when paid.

BOSSIER PARISH FIRE PROTECTION DISTRICT NO. 7
PLAIN DEALING, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2010
(CONTINUED)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables

Accounts receivable in all funds report amounts that have arisen in the ordinary course of business and are stated net of allowances for uncollectible accounts.

Governmental fund type receivables consist primarily of amounts due for property taxes and charges for services.

Deferred Revenue

Deferred revenues at the fund level arise when potential revenue does not meet the available criterion for recognition in the current period. Available is defined as due (or past due) at December 31, and collected within 60 days thereafter to pay obligations due at December 31.

Net Assets/Fund Balances

In the Statement of Net Assets, the differences between a government's assets and liabilities are recorded as net assets. The three components of net assets are as follows:

Invested in Capital Assets, Net of Related Debt - This category records capital assets net of accumulated depreciation and reduced by any outstanding balances of bonds, mortgages, notes or other borrowing attributable to the acquisition, construction or improvement of capital assets.

Restricted Net Assets - This category represents net assets not appropriable for expenditures or legally segregated for a specific future use.

Unrestricted Net Assets - All other net assets that do not meet the definition of the aforementioned.

In the Balance Sheet of governmental funds, fund balances are segregated as follows:

Reserved - The reserved fund balances for governmental funds represent the amount that has been legally identified for specific purposes.

Unreserved - The unreserved fund balances for governmental funds represent the amount available for budgeting future operations.

NOTE 2 CASH AND CASH EQUIVALENTS

At December 31, 2010, the District had cash and cash equivalents (book balances) totaling \$164,492.

NOTE 2 CASH AND CASH EQUIVALENTS (CONTINUED)

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposits insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank that is mutually acceptable to both parties. At December 31, 2010, the District had \$164,492 in deposits that were fully secured from risk by federal deposit insurance.

NOTE 3 INVESTMENTS

As of December 31, 2010, the District had investments of \$100,355 in a Certificate of Deposit with a renewal term of 6 months.

NOTE 4 AD VALOREM TAXES

The following is a summary of authorized and levied ad valorem taxes:

Independent Accountant's Report on Applying Agreed Upon Procedures

To The Board of Commissioners
Bossier Parish Fire Protection District No. 7
Plain Dealing, Louisiana

We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by the management of Bossier Parish Fire Protection District #7 Plain Dealing, Louisiana and the Legislative Auditor, State of Louisiana to assist the users in evaluating management's assertions about Bossier Parish Fire Protection District #7's compliance with certain laws and regulations during the year ended December 31, 2010 included in the accompanying *Louisiana Attestation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

The Bossier Parish Fire Protection District #7 did not make any expenditures during the year for materials and supplies exceeding \$20,000 or public works exceeding \$100,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list which includes one employee.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

The employee is not a related party.

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and all amendments to the budget during the year.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes of the regular meeting held in December, 2009 that stated the budget had been adopted by the board of Bossier Parish Fire Protection District #7. The original budget was amended in December, 2010.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. The budget is prepared using the cash basis and falls within the 5 % parameters.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:

(a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account; and

All of the payments were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the appropriate board members. In addition, each of the disbursements were traced to the District's minute book where they were approved by the Board of Commissioners.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The District is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office. Although management has asserted that such documents were properly posted, we could find no evidence supporting such assertion other than an unmarked copy of the notices and agendas.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

The District has one employee. The minutes of the District for the year indicated no approval for any payments for bonuses, advances, or gifts. We examined the District's payroll records for the year and note no instances which would indicate payments to anyone which would constitute bonuses, advances, or gifts.

Prior Comments and Recommendations

Our prior year compilation report, dated May 26, 2010 did not include any comments or unresolved matters.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Bossier Parish Fire Protection District #7 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

BOSSIER PARISH FIRE PROTECTION DIST # 7

BATES, MURRAY & COMPANY LLC (Auditors)

In connection with your review of our financial statements as of [date] and for the year then ended, and as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*, we make the following representations to you. We accept full responsibility for our compliance with the following laws and regulations and the internal controls over compliance with such laws and regulations. We have evaluated our compliance with the following laws and regulations prior to making these representations.

These representations are based on the information available to us as of (date of completion/representations).

Public Bid Law

It is true that we have complied with the public bid law, R.S. Title 38:2211-2296, and, where applicable, the regulations of the Division of Administration and the State Purchasing Office.

Yes ☒ No ☐

Code of Ethics for Public Officials and Public Employees

It is true that no employees or officials have accepted anything of value, whether in the form of a service, loan, or promise, from anyone that would constitute a violation of R.S. 42:1101-1124.

Yes ☒ No ☐

It is true that no member of the immediate family of any member of the governing authority, or the chief executive of the governmental entity, has been employed by the governmental entity after April 1, 1980, under circumstances that would constitute a violation of R.S. 42:1119.

Yes ☒ No ☐

Budgeting

We have complied with the state budgeting requirements of the Local Government Budget Act (R.S. 39:1301-16), R.S. 39:33, or the budget requirements of R.S. 39:1331-1342, as applicable.

Yes ☒ No ☐

Accounting and Reporting

All non-exempt governmental records are available as a public record and have been retained for at least three years, as required by R.S. 44:1, 44:7, 44:31, and 44:36.

Yes ☒ No ☐

We have filed our annual financial statements in accordance with R.S. 24:514, and 33:463 where applicable.

Yes ☒ No ☐

We have had our financial statements reviewed in accordance with R.S. 24:513.

Yes ☒ No ☐

Meetings

We have complied with the provisions of the Open Meetings Law, provided in R. S. 42:1 through 42:13.

Yes ☒ No ☐

Debt

It is true we have not incurred any indebtedness, other than credit for 90 days or less to make purchases in the ordinary course of administration, nor have we entered into any lease-purchase agreements, without the approval of the State Bond Commission, as provided by Article VII, Section 8 of the 1974 Louisiana Constitution, Article VI, Section 33 of the 1974 Louisiana Constitution, and R.S. 39:1410.60-1410.65.

Yes ☒ No ☐

Advances and Bonuses

It is true we have not advanced wages or salaries to employees or paid bonuses in violation of Article VII, Section 14 of the 1974 Louisiana Constitution, R.S. 14:138, and AG opinion 79-729.

Yes ☒ No ☐

We have disclosed to you all known noncompliance of the foregoing laws and regulations, as well as any contradictions to the foregoing representations. We have made available to you documentation relating to the foregoing laws and regulations.

We have provided you with any communications from regulatory agencies or other sources concerning any possible noncompliance with the foregoing laws and regulations, including any communications received between the end of the period under examination and the issuance of this report. We acknowledge our responsibility to disclose to you any known noncompliance that may occur subsequent to the issuance of your report.
